SMALL IS SUSPENDED

President Commercial Telegraphers Repudiated.

IS HISSED AT MEETING HELD

Executive Committee Relieves President Small of His Duties—Unions Generally Vote to Continue the Telegraphers Strike Now On.

Chicago, Oct. 15.—The action of President Samuel J. Small in trying to end the commercial telegraphers' strike has resulted in his suspension from office. The following was given out Sunday night by the union's executive committee here:

"Under article 15, section 17, of the constitution of the Commercial Telegraphers' union of America, you are hereby suspended from the office of president, to take effect immediately. S. J. Konenkamp, acting chairman."

S. J. SMALL.

New York, Oct. 14.—A highly sensational meeting of the Telegraphers' union was held here Sunday afternoon at which the strikers unanimously voted to continue the strike, notwithstanding the action of President Small in advocating calling off the strike.

Small was present and made a speech. He was roundly hissed and demands for his resignation were made.

WILL REMAIN FIRM.

Many Commercial Telegraphers Vote to Continue Strike.

Atlanta, Oct. 15.—"Those decisive steps to close the telegrapners' strike," taken Saturday by President Small, of the Telegraphers' union, wired out from New York Saturday night had no effect upon the striking telegraphers in Atlanta, other than to make the members of the local union more determined, if possible, than ever before to stick the fight out.

And the Atlanta union was not the only one in the south that acted in the same way.

The publication of the message in the papers Sunday morning was no surprise to the striking operators, as they were already advised of President Small's action. Saturday noon a cypher message was received by the Atlanta Union from President Small. It was word for word like the one later sent out by the press. Atlanta was not the only point to receive the message. Every town in the country where the strike has been on received the same.

"The truth of the matter is," said one of the leading members of the union, "that there is no surrender on our part in any of the cities from which we have heard. We may yet be whipped, but so far we are fighting. From Memphis came a suggestion that we continue the fight and hereafter recognize as our leader Percy Thomas, of New York, whose devotion to the cause we know."

Strikers Firm at Baltimore.

Baltimore, Md., Oct. 14.—The striking telegraph operators held a meeting at which it was voted to continue the strike nine weeks more if necessary.

Strikers Stay Out at New Orleans.

New Orleans, La., Oct. 14.—The Commercial Telegraphers at New Orleans have voted to continue the strike.

Montgomery Local to Keep Striking.

Montgomery, Ala., Oct. 14.—Montgomery local of the Telegraphers' union, at a meeting, voted unanimously to continue the strike.

MRS. HETTY GREEN'S VIEWS.

Richest Woman in World Opposed to International Marriages.

New York, Oct. 15—Mrs Hetty Green, often referred to as the richest woman in the world, is strongly opposed to international marriages, according to an interview.

"I am glad Gladys Vanderbilt is not my daughter," she is quoted as saying. "There are thousands of honest young working men in the United States good enough to be any girl's husband. The girls who go to Eurpoe to get their husbands deserve what they get—and, moreover, if my son married a woman because the union would bring him a title, I would disown him."

Mrs. Green said she had no intention of retiring from business.

"When I get out of business," she said, "my work in this world will have been done. I have been busy 42 years and work has made me young and happy."

Of the financial outlook, Mrs. Green had this to say:

"We safely passed the period when there was danger of panic. Money may be tight again about the first of the year, but I do not look for serious business embarrassment."

NOT ROCKEFELLER'S ALMONER.

Recent Publication Brings Trouble to New York Pastor.

New York, Oct. 15.—Dr. F. C. Aked, pastor of the Fifth avenue Baptist church, wants it known that he is not the almoner of John D. Rockefeller.

Some one here recently cabled a London newspaper the erroneous statement that Dr. Aked had been retained to disperse the fortune of John D. Rockefeller. Then Dr. Aked's trouble began.

"From all over the world and especially England," said the minister, "I have received no fewer than 3,000 begging letters since that ridiculous article was printed in London.

"I did nothing for a time but open mail. Then I appealed to the Postal authorities as I simply had to do something to stop the stream of letters."

Dr. Aked wishes it understood that he came here from London to preach the gospel and not to dispose of any body's millions.

RACES SOON TO BEGIN.

Aeronauts Will Contest for Gordon Bennet Cup at St. Louis.

St. Louis, Oct. 15.—The members of the teams that are to compete in the International Balloon races for the Gordon Bennett cup to be held here beginning Oct 21, arrived in St. Louis Sunday.

In the party were J. C. McCoy, who will pilot the balloon "America" and Captain C. DeF. Candler, of the U. S. signal corps will be here as his companion; Alan R. Hawley, who will pilot the St. Louis and August Post, secretary of the Aero Club of America, who will accompany him, and the English team, Griffith Brewer and Claud Brabson. F. L. Gunther, of New York, a member of the Aero Club of America, will also be in the party.

60 Years a Sunday School Teacher.

Burlington, N. J., Oct. 15—There was a celebration Sunday of the completion by Mrs Mary A Wright of 60 years of active service as a teacher of a class in the Sunday school of the First Baptist church. The school which she has seen grow from 60 members to six hundred, turned out to express its affection for Mrs. Wright. Sunday schools of all denominations in many parts of the country sent messages to her. Greetings were also sent by Vice President Fairbanks, Governor Stokes, William J. Bryan and other statesmen.

USED FIRM'S CASH

Confidential Clerk Confessed to Stealing $90,000!

HE WAS "SOUL OF HONOR"

But Side Speculations Caused Downfall of George Brouwer—Had Hoped to Recoup Losses, But Exposure Came.

New York, Oct. 15.—Ninety thousand dollars is the sum that a careful inspection of the books of James H. Oliphant & Co., members of the Stock Exchange, found Saturday was missing from their discounts because of the side speculations of the firm's trusted confidential manager, George H. Brouwer.

All night long R. L. Cuthbert, of Deloitte, Plander, Griffith & Co., expert accountants, had toiled with his assistants over the books and he finished the task at 9 o'clock. Brouwer had been arrested the night before and held in $30,000 bail after a confession.

"There is no scandal connected with Mr. Brouwer's transactions," said Mr. Munday, a member of the firm, in explaining the situation. "Mr. Brouwer is the most delightful man personally. In nearly every case of this kind there is some woman mixed up or some story of betting on races, or the white light of the Tenderloin plays a part, but in the case of our confidential manager, there is nothing of the sort.

"His personal life has been open and above board, and he is the soul of personal honor. He had a happy home life and was devoted to the firm. We would, any of us, have trusted him in any situation. We all, from the office boys up, loved him for his manly life and his thoughtful, kindly nature.

"With the exception of $27,000 of the missing money all of the $90,000 disappeared from our accounts in the course of a system of fine-spun bookkeeping and management that would never have been found out except by accident. Jay F. Carlisle who has office room here and is a Wall street broker, left a farm which he owned to be sold by Mr. Brouwer and the money received to be turned over to Mr. Oliphant while Mr. Carlisle was in Europe. When the broker came back he learned by accident that the farm had been sold and that Brouwer had not turned the money over. That brought about the exposure and Brouwer confessed."

INAUGURATE FASTER SERVICE.

Time To Be Shortened Between New York and Peru.

New York, Oct. 15.—With a view to chopping a week off the time at present consumed in the journey between New York and Peru, via Panama, new steamship service is scheduled to be started early next year on the west coast of South America.

The national steamship and floating dock company of Callao will be the name of the new concern. The Peruvian government is to grant to it a subsidy of $1,500,000 United States currency. The capital is $15,000,000. Fast steamers now being built in England will probably go direct between Panama and Callao, the port of Lima.

From New York to Callao now takes with good connections about 25 days, whereas, when the New York line is in operation, the journey, it is said, can be made in 18 days.

Children Bitten by Mad Dog.

Moultrie, Ga., Oct. 15.—Three of Moultrie's children, Clyde Spires, son of Mrs. Daisy Spires; Wade Williams, son of Mr. and Mrs. Ed Williams, and Pearl Williams, daughter of Mr. J. A. Williams, have been sent to Atlanta, Ga., for treatment at the Pasteur institute. The children were bitten by a dog while playing in the streets and their parents fearing that the dog suffered from rabies, killed it and sent it to the institute for investigation. A letter was received stating that the bog was affected and requesting that the children be sent at once to the institute.

DR. WILMER EXPLAINS.

Declares He Never Asserted Bible "Prolific Source of Infidelity."

Atlanta, Oct 15.—Rev. Dr. C. B. Wilmer, of St Luke's Episcopal church, states that he was not hissed at the Episcopal convention now in session at Richmond for any speech that he has made; that he has not spoken in defense of Bishop Williams, of Michigan, on the subject of negro bishops in this church; that with the present lights before him he is opposed to negro bishops and that he never declared the Bible "was a prolific source of infidelity."

Dr. Wilmer returned to the convention, now in session in Richmond, Sunday night at midnight, after spending Saturday with his son, C. B. Wilmer, Jr., who is ill with diphtheria at Decatur.

He will remain at the convention until its adjournment on Saturday, when he will return to Atlanta.

SUFFOCATED BY SMOKE.

Father and Five Daughters Lose Their Lives at Gloversville, N. Y.

Gloversville, N. Y., Oct. 15—Six members of the family of Solomon Frank, a glove cutter, the father and five daughters, were suffocated by smoke when their home was destroyed by fire Sunday.

The dead:

Solomon Frank, aged 40 years.
Sarah Frank, 21 years old.
Dora Frank, 19 years old.
Rosa Frank, 17 years old.
Minnie Frank, 12 years old.
Mary Frank, 10 years old.

The father lost his life in endeavoring to save his children, following the discovery of the flames by the mother, who with two small sons, made her escape. The bodies of the victims were found by the firemen. All had evidently made an effort to reach the windows.

FATAL FAMILY FEUD.

One Man Killed, Another Seriously Injured in Alabama.

Demolopis, Ala., Oct. 15.—Matt Gandy, a young white farmer, is dead, and his brother, O. D. Gandy, is seriously wounded as the result of a tragedy which occurred in front of their home at Hall's Creek Sunday morning, and Marvin and John Tutt, farmers of the same community, are in jail charged with the crime.

It is said the Tutt brothers rode up to the house in a buggy and inquired for the Gandys. As the Gandy boys started to the buggyy, the Tutts opened fire.

A load of buckshot entered the mouth of Matt Gandy and he was killed instantly. O. D. Gandy was hit in the legs and hips with buckshot.

The two families had been at outs for some time.

EPIDEMIC OF FIRES.

Birmingham Residences and a Three Story Building Burned.

Birmingham, Ala., Oct. 15.—As a result of the extremely cold weather and the initial kindling of winter fires Birmingham had an epidemic of fire alarms Sunday. Central department was called out eleven times.

The most serious fire was the three-story electric theater on Second avenue, where three firemen, John H. Roddy, S. W. Jones and J. H. Wheeler, were badly injured by falling from the third floor. Several handsome residences were burned on the South Highlands.

Lela Thomas, a negress, was fatally burned as the result of a lamp explosion during the day.

Boy, Perhaps, Fatally Shot.

Columbus, Ga., Oct. 15.—A little son of the late Ben Jack Moore was accidentally shot by his cousin, young Moncrief, at the family residence, east of Columbus. The boys were playing with the pistol, and the discharge of the weapon was unexpected. The little fellow may not recover.

Judge W. B. Jordan Is Dead.

Knoxville, Ga., Oct. 15.—Judge W. B. Jordan died at his home here after being confined to his bed for several months from a stroke of paralysis. In the death of Mr. Jordan, Crawford loses one of its most popular and best-beloved citizens. He was 59 years of age.

21 SAILORS PERISHED

Steamer Cypress Goes Down on Lake Superior With Crew.

ONLY ONE MAN WAS SAVED

Foundering of the Ship Was Due, It Is Said, to the Sudden Springing of a Leak Which the Crew Could Not Get Under Their Control.

Sault Ste Marie, Oct. 15—The steamer Cypress, owned by the Lackawana Transportation company and on her second trip down the lakes with a cargo of ore, was wrecked Friday night in Lake Superior, off Deer park, which is about 30 miles from Grand Marais, and all of the crew of the 22 men, excepting the second mate, were lost. He was washed ashore near Deer Park, lashed to a life raft and barely alive. He is in a critical condition and is being given careful medical attention in the hope that his life can be saved. He has suffered terribly from cold and exposure in addition to the battering of the waves.

The Cypress was a new boat, 400 feet long, with a capacity of 7,000 tons. She had made but one trip to the head of the lakes and was bound down on her second trip.

Further details of the disaster seem to indicate that the foundering of the new ship was due to a sudden leak through which the waters rushed with such violence as to overcome all efforts to keep the vessel afloat.

The second mate, C. G. Pitz, is the sole survivor.

The mate, Pitz, was so exhausted by his battle with the seas and seriously injured in landing in the surf that but little information can be gathered from him at the present time.

19 Bodies Are Recovered.

Sault Ste Marie, Oct. 15.—The bodies of nineteen members of the crew of the steamer Cypress, which foundered in Lake Superior Friday night, of Deer Park, have been recovered and brought to this city. Second Mate Pitts, of Manitowoco, Wis., the sole survivor of the 23 people who were on the ship, arrived here on the tug Sschneck, which brought the bodies from the Deer Park life-saving station. The bodies of Captain F. B. Mucyck and two firemen, whose names are not known, are still missing.

FELL IN LOVE WITH PHOTO.

Rich Mexican Left Woman Whom He Had Never Seen a Fortune.

Chicago, Oct. 15—A dispatch from Milwaukee, Wis., says:

Mrs. Lydia Paeschke, of this city, was left a fortune of $400,000 by Senor Juan Jose Manda, of Mexico. The senor saw a photograph of Mrs. Paeschke and fel in love with it. He wrote a letter to the young woman ardently expressing his love, but she did not respond. Soon afterwards he died, and when his will was opened it was found that his entire fortune was left to the woman of the picture whom he had never seen.

Inasmuch as there are no heirs at law and as the will is legally drawn Mrs. Paeschke will get the money as soon as the estate is administered.

FIRE DAMAGE OF $300,000.

Tramps Are Supposed to Have Started Costly Blaze.

Philadelphia, Pa., Oct. 15—Monday fire at Pencoyd Iron works of the American Bridge company on the outskirts of this city caused damage to the extent of about $300,000. The carpenter shop, lumber store house, erecting shop and two dwellings were destroyed, including some important plans and models.

The origin of the fire is not known, but it is believed to have been started by tramps who were spending the night in a freight car near the carpenter shop.

Hatcher Freed of Murder Charge.

Swainsboro, Oct. 15—At the committment trial at Adrian of W. A. Hatcher, who was charged with killing his wife last Tuesday, the defendant was acquitted.

J. W. MENIFEE IN SERIOUS TROUBLE

Former Leesburg Agent Arrested on Charge of Grand Larceny.

WAS EMPLOYED BY SOUTHERN

At a Small Station in South Carolina When Arrested by Detective of Savannah—Indictment Returned by Lake County Grand Jury.

J. W. Menifee, well known in this city, where for several years he was connected with the Seaboard Air Line, seems to be in trouble in South Carolina, as will be seen from the enclosed clipping from The Columbia (S. C.) State, of the 14th inst.:

"J. W. Menifee, who has been employed by the Columbia division of the Southern railway as agent at Lena, Hampton county, was arrested last night by Detective Murphy at Savannah, Ga., on instructions from the American Surety Company wired him yesterday.

"Menifee is held as a fugitive from justice and a warrant will today be issued in Savannah and demand for requisition papers will be made upon the Governor of Georgia, for the purpose of taking him to Florida to stand trial.

"Menifee was formerly agent of the Atlantic Coast Line railroad at Leesburg, Fla. On October 2 an indictment was returned by the grand jury in the circuit court at Tavares, Fla., charging him with grand larceny. It is alleged that he stole and carried away a large quantity of valuable merchandise from the railroad warehouse in Leesburg, Fla., through the connivance of his predecessor, Jno. W. Jolly, who was on October 9 convicted under the charge of forgery and sentenced by Judge W. S. Bullock to a term of two years at hard labor in the penitentiary.

"The authorities in Lake county, Fla., being unable to find Menifee, who disappeared before he could be indicted, the case was turned over to the American Surety Company of New York, whose detectives finally traced the fugitive to Lena.

"While arrangements were being made to have a fugitive warrant issued for Menifee he got a 'tip' from some source and yesterday afternoon suddenly left Lena on Southern train No. 133. The alert detectives of the American Surety Company were advised of Menifee's movement and knew of his plans to leave Lena on the afternoon train several hours before he departed. Detective Murphy of Savannah was communicated with and when No. 133 rolled into the union station there Menifee was promptly placed under arrest and locked up.

"If he refuses to return to Florida without requisition papers he will be detained at Savannah until these can be secured."

ORLANDO WEEKS INJURED.

Well Known Waldo Man Had Accident in Jacksonville Saturday.

Information has reached this city to the effect that Orlando Weeks, a well-known citizen of Waldo, became the victim of a peculiar accident in Jacksonville on Saturday of last week which caused him to go to the hospital, where it is said he is still suffering.

It appears that Mr. Weeks, with hundreds of others from various sections of the State, went to Jacksonville to attend Buffalo Bill's Wild West Show. In the rush he was shoved down or tripped up in some manner, falling against a broken dog-fennel, the fennel entering his leg and causing an ugly wound, from which he has suffered a great deal.

Friends hope for Mr. Weeks' early recovery, and trust to see him at his home in a short time.

THE COLD WAVE.

Temperature Has Been Low, But Little Damage Has Been Done.

Notwithstanding that there has been a sudden fall in the temperature, the effect of which was supposed to have caused damage to tender vegetation, growers report no damage to the crops, as the change was not sufficient to cause any material damage. While young plants wilted under the sudden change, no material damage is reported, and it is expected that the crop will be harvested the same as usual.

The fall of temperature brought the thermometer down to forty degrees, which is the coldest reported. This temperature merely had an effect to reduce the bright, green plant to a withered state, but as soon as the sun came out the plants resumed their usual healthfulness.

Met on Seminary Campus Monday Evening and Had Instructions.

Lieutenant Ball, who is well posted on football, took the pains to explain many points of interest to those present, with the result that everyone felt improved and benefited by their attendance.

The next meeting will be held Thursday, when it is hoped the team will get down to work. The young men are active and ambitious, and desire to accomplish something in football as soon as possible.

THE LATEST GOSSIP From GAY NEW YORK

BY OUR REGULAR CORRESPONDENT.

New York City, October 15, 1907.—I am informed by authority good enough for me (although the statement was made to my informant with at least semi-professional confidence) that conviction of Thaw is not deemed possible. The source of this opinion is, of course, one on the prosecution side, whom my informant met during the summer. The opinion does not surprise. The greater the delay in Thaw's second trial the better for the prisoner. Naturally Thaw nettles at incarceration in the Tombs; but deferment of trial is materially helpful to his side, upon the ground that waning interest in a matter on all sides invariably diminishes the chances of getting a jury to convict. It is highly probable, too, that should the jury again disagree, Jerome would be disinclined to subject the county to further great expense for another trial; in which event Thaw is likely to become a parole, as the Patterson woman is for the Young murder. New trial December 2nd.

Victims of the Terrible Strain.

Looking over the past year or two, during which men of power and means have been undergoing terrific strain, here is the list of victims who have succumbed to the ordeals through which they have passed: McCall, president New York Life Insurance Company, dead of sheer exhaustion; McCurdy, president Mutual Life Insurance Company, nervous wreck; Alexander, president Equitable Life Assurance Society, nervous wreck; Rogers, Standard Oil Company, broken down; Cassett, president Pennsylvania railroad, dead from exhaustion; Flagler, Standard Oil Company, broken down by worry. Their responsibility for all they were charged with is not the issue at this time. Note is merely made of the fact that the "financial house-cleaning" has cost something beside money wherefore the lesson ought to be all the more fruitful to survivors.

A Sad Report from England.

This past week I met an Englishman who sustains relations more or less intimate with the royal family, in the capacity of what they term a "purveyor." His duties require that he have claim now and again upon the time of the Prince of Wales; and he volunteered the statement—unkind to say the least if untrue—that the habits of His Highness made it very difficult to keep these engagements. Never has His Highness been reputed to be gifted with any extraordinary powers, either socially, or in state; but I was surprised to be told that my informant finds him hard to see in a thoroughly fit condition.

Impression of Countess of Warwick.

I saw the Countess of Warwick the other day. She is a large, stout, blondish sort of woman, of the style one would speak of as "striking." She is stately, dresses picturesquely, and carries herself with noble mein; but as an example of beauty she has nothing particularly on thousands of American women. I observed that in her manner she is amiable and urbane without any air, but having about her a "something," so when she is pointed out to you as a Countess you don't feel inclined to exclaim "Nonsense."

Urging Bryan's Candidacy.

We begin to feel the influence of Bryan boomers here in New York, who are urging that he is the only candidate the Democrats can put up. New Yorkers aren't quite ready to concede that, although they are willing to concede that Bryan proposes trying again for nomination. But I find less enthusiasm for him about the hotels thus far than ever before since 1896—that is, eight months preceding the convention. Word I have from Washington is that there he isn't regarded as at all likely to get the nomination. But certainly his supporters are getting busy in the East here, making a quiet canvass to line up the sentiment.

Other Democratic Gossip in New York.

Johnson seems to be left out of it, even if Watterson does champion him. Among the gold Democrats—which means, of course, among men of wealth who are Democrats—D. R. Francis of Missouri is best liked. Culberson of Texas isn't talked of much more. Folk is beginning to be looked into, mainly because he has "done things." The consideration of Chanler—New York's lieutenant-governor—is much hurt by his having the support of Conners, chairman of the State committee. Daniels of Virginia, Harmon of Ohio, White of Louisiana, Watterson of Kentucky, none of them appear to be in the running at all; but Douglas of Massachusetts, the Brockton shoemaker, is much discussed for "second place" on the ticket in the event that the Presidential nomination should go to the West, or South. Our mayor, McClellan, doesn't seem to have even a tiny boom formulated; but some think that augurs well for him in the end. Hearst is never spoken of except as being a party who is necessarily bound to be a factor in the convention because he wields newspaper influence, but as a Presidential figure he is not counted on here in New York to do more than fuse his Independent league when the time comes. I should say that at the moment the best bets were Francis and Folk, with Douglas as a second-placer.

Latest Republican Gossip.

The latest talk of Republican candidates figures Fairbanks as permanently out of it, Foraker hopeless, Knox possible, Taft highly likely, but Hughes having much the best of it at the moment. Of course, you must reckon on New Yorkers' natural prejudice in favor of their own State as a Presidential supplier; for of all the candidates on the public lips Hughes is the least known. That he has Presidential aspirations is not denied; that he has been given warm hopes to believe that he may be "it" is also conceded. Many think that Taft is being over-talked, that he is hurt by Roosevelt's apparent anxiety for him to have the nomination; and I was told last night by a prominent Ohioan that Foraker controls enough districts in the State to make it utterly impossible for Taft to go into the convention with a solid delegation. If that be so he won't be as strong as he ought to be. Cannon isn't thought of, and Root is believed to represent Wall Street too strongly to be worth while nominating. One thing that hurts Hughes' chances is the same that hurts Taft's—probable inability to mass a solid delegation, for New York Republicans are divided into factions, with the bitterest sort of feeling between the Odell and the Roosevelt cliques; and while it is Republican politics to unite, that seems very doubtful here.

Cuban Unrest Spreads to Philippines.

I am informed that Cuban unrest is spreading to the Philippines, and that when Mr. Taft arrives there he will have some pointed questions put up to him as to what the United States proposes doing relative to giving the Filipinos independence. Undoubtedly much of this unrest in the Philippines is created by the Anti-Imperialists in this country, all of whom are importers with large interests in the Philippine Islands. But it is having its effect, and the Filipinos haven't gotten what Taft promised them when he was Governor, or what he held out to them as a hope. The difference in the situation is, I am told, that Cubans are aggressive while the Filipinos are cowed and timid. The administration wishes to shy at these problems if possible, for they are nasty questions to bring up immediately prior to an election; but maybe the Filipinos won't stand for its postponement?

Catholic Prelates Have the Laugh on a Magazine.

Catholic prelates are much amused at the "enterprise" of a certain magazine which in its last issue professed to portray who the next American cardinal will be. It illustrates the frantic zeal of publishers to get "scoops" when such a prepostrous theme as choice of a cardinal is discussed, when it is a known fact—where knowledge is possessed in the slightest degree—that of all the uncertain things in the world the choice of a cardinal is the most uncertain. Eminent bishops smile at the "vastness" of the information of a secular publication able to publish what they haven't the faintest hint of. But these publishers are great men, you know; they are much like Stephen Decatur who, the night before he was killed in the duel, toasted his country as "right or wrong, my country." Right or wrong it's "their magazine" for the rich tid-bit, which, it chances, is wrong, woefully, foolishly wrong at that. No man a-top of earth has the faintest surmise who the next American cardial will be, or if there will ever be a second at the same time.

And Now for American-Bred Horse.

The Government has decided to supervise the breeding of a certain quality of horse which is to be the standard, and experts from all over the country are invited to submit ideas and ideals. That doesn't look as if the motor wagon was going to put the equine out of business? The West is now sending in its specifications for perfect horse flesh. Incidentally we shouldn't overlook the fact that the finest examples of horses on this continent are bred in Mexico; and they doubtless have some points worth considering.

LEARN TO EAT.

Few People in Gainesville Really Know How.

Slow eating will solve one-half the problem of ill health. Those who suffer already with indigestion and weak stomach can with care and the use of Mi-o-na stomach tablets restore their digestion to a healthy condition, so that they can eat what they want at any time without fear of distress or suffering.

After a few days' use of Mi-o-na stomach tablets, the headache, dizzy feeling, drowsiness, bad taste in the mouth, coated tongue, nervousness, sleeplessness, distress after eating—all these symptoms of a weak stomach—will disappear, and perfect digestion and a good skin will show that the vital machinery is once more running smoothly.

Take a little Mi-o-na tablet before each meal so that it will stimulate the digestive juices and give strength to the stomach, and then it will take care of the food that is eaten, without indigestion and the unpleasant dull feeling with which so many suffer after meals.

J. W. McCollum & Co. have so much confidence in the power of Mi-o-na to cure indigestion and all stomach ills that they give a guarantee with every 50-cent box to refund the money if the remedy fails to give satisfaction.

Preparing for No Lockers.

Macon, Ga., Oct. 15.—The indications at present in Macon, Ga., are that there will not be a single social club ready to do business under the locker system when the prohibition law goes into effect next January. In some of the clubs there has been a determination already expressed not to have anything to do with preparations along this line until it is known definitely what is coming. The members of the clubs seem yet to be looking for something to "turn up" that will change conditions.

That Tired Feeling.

If you are languid, depressed, incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes, "I have used Herbine for the past two years. It has done me more good than all the doctors. It is the best medicine ever made for chills and fever." 50c. Sold by W. M. Johnson.

Doctors

Ayer's Cherry Pectoral is a doctor's medicine. Doctors prescribe it, and use it for their own children. It is no better than to ask your doctor about Ayer's Cherry Pectoral for coughs, colds, croup, bronchitis. Thousands of families always keep it in the house. The approval of the physician and the experience of many years have given them great confidence in this cough medicine.

U. C. V. ELECT NEW OFFICERS

Delegates Also Elected to the Annual State Reunion.

LIEUT. BLITCH IS COMMANDER

Succeeds Commander Horatio Davis, Who Has Served the Camp Faithfully and Efficiently for the Past Year—Adjutant McGrew Retained.

A large and enthusiastic meeting of Stonewall Camp, United Confederate Veterans, was held in this city on Monday, members of the camp coming from every section of the county.

There was a great deal of business transacted at this meeting, among which was the election of officers, and the following was the result:

Lieutenant W. M. Blitch of Santa Fe, commander; John C. McGrew, adjutant.

Lieutenant Blitch succeeds Commander Horatio Davis, who has held the position with distinction, honor and efficiency for the past year. Commander Davis is one of the most widely known and popular of the old Confederate soldiers and his election a year ago was quite a compliment to him. This compliment he has responded to nobly, and no one has cause to regret his term.

Lieutenant Blitch is also a well-known Confederate soldier. No man in the county is more widely known or more popular, and his term as commander will prove of great benefit to the camp.

Captain McGrew was re-elected to the position of adjutant, which he has held for some years. Always faithful and efficient, he has won the admiration of all old comrades, and is keeping it. Captain McGrew has made such a capable officer and adjutant that no one ever thinks of placing a candidate in the field against him.

The delegates of the reunion at Pensacola, which will be held on October 23 and 24, will be W. M. Blitch, John Fennell, J. M. Shaw and V. H. Ellis, with J. J. Barr, J. R. Zetrouer, J. S. Dupuis and D. L. Branning as alternates.

The camp will meet again the first Monday in January.

Rising from Its Ashes.

New York, Oct. 15.—Mail advices from Fort de France, Martinique, confirm the brief cabled reports that the city of St. Pierre, which was overwhelmed by the erruption of Mt. Pelle, several years ago, is rising from its ashes. The rue Victor Hugo has been cleared of ashes and rubbish and is used for communication to the north of the island. Houses are going up rapidly. Pending the re-establishment of a custom house at St. Pierre the stores will be supplied by Fort de France.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists.

PRICES HERE AND ABROAD.

While prices here are rapidly advacing it is comforting to know that in the Panama canal zone there is a reduction in the price of various articles. This interesting information is given in The "Canal Record," the official organ of the Government of the Isthmian canal zone. For instance, granulated sugar in five-pound sacks in August was 23 cents, now it is 20 cents; yellow sugar was 4 cents, now it is 3 cents; Jamaican cigars have fallen in price from 15 to 10 cents. Currants that were 12 cents now can be obtained for 10 cents per pound. The best grade of Central American coffee, formerly 26 cents per pound, is now 24 cents, and another grade that was 23 cents has been reduced to 21 cents per pound. Why prices are declining in Panama and advancing here, the editor of The "Canal Record" does not venture to say. Can it be possible that the sugar trust, the tobacco trust, and the other corporations that plunder the people of the United States by virtue of the trust protecting tariff that our Republican trust-loving politicians refuse to revise, be selling cheaper in the canal zone to the Jamaica negroes and other foreign laborers than to our own people? We pause for a reply.

A NEBRASKA OPINION.

From Nebraska comes John F. Coad, a Democrat prominently identified with various industries of Omaha who declares to a reporter of The Washington Post that: "William Jennings Bryan stands just as well with the people of Nebraska today as he did when he was the Democratic candidate in 1896, but the Democrats of Nebraska do not believe he could be elected in 1908, and hopeto see some other man chosen." Who the Nebraska Democrats, who believe that Mr. Bryan cannot be elected, would select as the candidate for President, Mr. Coad did not say, as he no doubt felt that until Mr. Bryan declares that he will, or will not, be a candidate, it would be inexpedient to bring forward some other man. It is understood, however, that many Nebraska Democrats, and those of other Northern States, think Governor Johnson of Minnesota best represents Democratic policies and would poll more votes than anyone else mentioned.

One of the best stories ever sent out from Washington followed the departure of President Roosevelt for the Louisiana bear hunt. A day or two after he left it is reported that two large bulls visited the White House yards and took a look around it and the monument grounds. It was even reported that they chased a negro up a tree and kept him there all night. This is a verified fact. But no bulls or any other animals ever dared to take liberties in the White House grounds with Teddy on deck. It is a wise bull that knows his dangers.

Texas is a large timber State. Its forests are one of its greatest resources. Much lumber has been wasted by clearing simply for cultivation. The Texas people are now beginning to realize the importance of conserving this wealth. Some parts of the State are treeless, and tree planting has to be done. In the Panhandle region, in the spring of 1906, over 500,000 trees were set out.

The American fleet ought to be in the Pacific Ocean long before the Japanese get over their good natured fit brought on by Mr. Taft's visit.

California has one tree which is the personification of mystery. Found nowhere else in the world, it has a mysterious origin and thrives in a region of mystery. The Mojave yucca is a vegetable freak which has developed into species. It has the characteristics of several plants, to each of which no relationship can be traced. It is an endogen, yet its bark shows concentric rings such as characterize the exogenous stems. It lives and thrives in great numbers in a region nearly devoid of vegetation, in a land of heat and thirst and barrenness. Another tree in California which has a peculiar personality is the creeping oak of Monterey. Nowhere in the vegetable kingdom can be found so true a representative of monopoly. This tree is of gnarly growth, its limbs, like those of the sycamore, bending and twisting in all directions. Wherever a branch touches the earth it takes root and becomes, as it were, another trunk, though still a branch of the main stem, drawing nourishment both from the parent stem and from the new source. In this manner the tree is spread till it has taken possession of five acres of ground and is still advancing.

SERMONETTES

BY J. MARVIN NICHOLS.

Only the small mind complains—only the jealous assail.

No man can be true to himself who is not true to others.

A man who has a truckling dread of the future can't be happy.

Whether in business or morals, the knife is the only cure for cancer.

The Japanese have it that you can call a man a thief until he will steal.

It will do you good sometimes to put yourself in your neighbor's place.

A fellow with just one old sou may be infected with the rotten-rich microbe.

The high rollers must be hard hit when Wall Street listens to the howl of the wolf.

The greatness of true living is far beyond the greatness of any outer accomplishment.

It is enough to run one mad when his path leads to zones far remote from all he loves.

It is so strange that the world reserves the right to heap its honors on one after that he is dead.

It does seem that even the small fry nowadays must either owe for or actually own an automobile.

The man who lives a sermon may be infinitely more eloquent than the ape who undertakes to preach one.

At last, the whole secret of life's success lies in being true to one's self and in following his own inspirations.

Anything that wounds a fellow-being's heart is wrong. In that sense, I seriously doubt if criticism is ever just.

Of all the men he is the one that God made—and she the one woman; to mar the dream is the tragedy of the heart.

Somebody very truthfully declared that criticism is negative in its influence both on the one who criticizes and the one criticized.

A preacher is an admitted authority on everything but money—but he could be that if his creed allowed him to make money like his deacons.

This old world is dying for an artist who can show a fellow how he might do better without destroying his faith in what he has already tried to do.

That big fine episode of Uncle John D. makes me think of quaint Bill Barlow who declared that it must be awful to have three billion dollars' worth of water squoze out of our innards, all at once.

However well-meant your criticism of another, at least it forces a poor heart to dwell in the shadows because of its withering blight. The praying saint who would correct an evil would do well to read his own book of life. The Man of Galilee, in his memorable refusal to condemn the helpless woman, left no room for criticism.

Hatred is a state of self-hell—an adder which stings the heart—a smouldering fire which consumes both body and brain—a deadly poison, self-administered, and for which there is no antidote. Hatred is impotent in so far as concerns its object—what does your enemy know, or care? To despise and avoid is the part of wisdom—to hate is to punish yourself through inevitable reaction. Be selfish in this—beware the self-hell of hate!"

Congregation Ran Amuck.

Toccoa, Ga., Oct. 15.—Inspired by liquor, and that of the strongest kind, the membership of the Lutheran church, last night, began a meeting here Sunday. As a result of the services are in jail badly injured, while many are wounded in the head, there were several fights in the meeting last night.

Victims of Explosion Buried.

Macon, Ga., Oct. 15.—The remains of Engineer Avery and Conductor Allen of the freight train bound for Columbus, Ga., in which the boiler of the engine exploded at Reynolds Saturday morning, were buried Sunday in Macon. The funerals occurred at the homes of the victims and were largely attended.

THE PERFECT WAY

Scores of Florida Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it.

The perfect way is to cure the kidneys.

A bad back means sick kidneys.

Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

S. B. Lemons, cigar maker, living at 1311 Ashlet street, Tampa, Fla., says: "I used Doan's Kidney Pills and they cured me of backache and disorder of the kidneys. Two or three times on account of the pain in my back I was unable to work for several days. The secretions of the kidneys were in a very bad condition, dark in color, and if allowed to stand would become of the consistency of jelly. I tried various remedies, taking what seemed like gallons of medicine and I also put on plasters, but nothing helped me at all until I got Doan's Kidney Pills upon the advice of a friend of mine, and using them according to directions they cured me in a very short time.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

PUT BULLET IN BRAIN.

Marine Corps Officer Commits Suicide at Annapolis, Md.

Annapolis, Md., Oct. 15.—Second Lieutenant James N. Sutton, Jr., U. S. Marine corps, is dead at the naval academy marine barracks, his death resulting from a 32-caliber bullet, fired into the right side of the head.

From the best information obtainable, Sutton in company with Second Lieutenants R. E. Adams and E. P. Roelker, returned to the marine camp after having attended a dance at the academy.

Shortly afterward Sutton is said to have been discovered on the road near by with a revolver in his right hand and several fellow officers attempted to disarm him. This they succeeded in doing, but not before the weapon was discharged in some manner and Lieutenants Adams and Roelker received slight wounds. Quick as a flash, it is said, Sutton took from his blouse another revolver and with this, fired the fatal shot into his brain.

Lieutenant Sutton was 22 years old and the son of James N. Sutton, of Portland, Oreg. He was formerly a midshipman of the present senior class but resigned in his third class year.

Julius Caesar

Was a man of nerve, but sickness left its mark and he became aged before his time. Sickness is often caused by a torpid liver. Herbine will regulate your liver and give you health. Mrs. Carrie Austin, Hollon, Kansas, writes: "I consider Herbine the best medicine I ever heard of. I am never without it." Sold by W. M. Johnson.

Killed by a Street Car.

Columbus, Ga., Oct. 15.—A street car of the Columbus Railroad company struck and killed John Asbell Saturday night at 8 o'clock. Asbell, who was on the car, alighted on the inside of the double track, when another car struck his head, killing him almost instantly. Asbell was about fifty years of age and was married. He was a saloon keeper of the firm of Tice & Asbell.

Quinsy, Sprains and Swellings Cured.

"In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valued for sprains and swellings. For sale by all druggists.

FROM PULPIT TO GOLF FIELD.

Pastor Resigns Pastorate to Devote His Time to the Game.

Worcester, Mass., Oct. 15.—The Rev. Dr. Willard Scott, of Piedmont church, has resigned his pastorate so that he can devote all his time, it is stated, to golf.

The clergyman, who has conducted a successful pastorate here for nine years is quoted as follows:

"The presentation of my resignation was a cool and contented action. I have a whole lot to do outside if I want to do it, but I want to loaf and play golf. I have worked hard. I have done more work in thirty years than a good many men have done in sixty. I have collapsed twice under the strain. When business interferes with pleasure, drop business. That's what I am going to do—drop business and play golf continually."

BOILER BURSTS; THREE KILLED.

Conductor, Engineer and Fireman Are Killed on Central Railroad.

Columbus, Ga., Oct. 15.—While the locomotive of freight train No. 35, on the Central of Georgia railroad, was taking water at the tank near Reynolds, Ga., Saturday, the boiler exploded.

Engineer Avery, Conductor Allen and the negro fireman were instantly killed.

The boiler of the locomotive was blown a hundred yards, and the station was badly damaged by the force of the explosion. Engineer Avery was on the locomotive at the time, and his body was blown to fragments.

All those killed had their homes in Macon, Ga.

Afflicted With Sore Eyes for 33 Years.

I have been afflicted with sore eyes for thirty-three years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed. One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—P. C. Earls, Cynthiana, Ky. Chamberlain's Salve is for sale by all druggists.

Baseball Changes.

New York, Oct. 15.—Announcement is made that Jake Stahl will be a member of the New York Americans next year, as the result of a three cornered trade. The old collegian, formerly manager of the Washington baseball team, comes to New York from the Chicago Americans and Frank Laporte goes to the Boston Americans, while White Sox get Fred Parent.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c, in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

ABOUT OYSTERS

It's a matter of confidence—confidence in the person selling them. If you know they are handled properly, prepared and cooked cleanly, then you are satisfied.

Oysters require careful attention when away from the coast, and should be prepared by one who knows at a glance if they are fit to be cooked.

For two seasons I have prepared and served you the best Oysters grown, and have never had one complaint.

They are here now—and, as they should be, First-Class in every way.
